DESCRIPTIVE CATALOGUE

FOR

GARDEN AND FARM.

DEPOT:

509, 511 and 513 Seventh Street,

OAKLAND, CAL.

Nursery, Peralta Heights.
Please read this carefully before ordering: **Orders for amounts less than $1.00 by mail**—these we cannot receive and fill unless ten cents is added for postage, as the trouble and expense of mailing nearly equals larger orders. If it is not added, postage will be deducted from amount sent.

**HOW TO REMIT.**

Do not send money loose in letters, as they are sometimes lost, and we cannot be held responsible in such cases. Register all letters, or get drafts on San Francisco, or post-office order on Oakland, or Wells, Fargo & Co. money order. Private checks are not desired.

**PLANTS NOT IN OUR CATALOGUE.**

We sometimes receive an order for one or more plants taken from other catalogues. We cannot furnish plants we do not grow. Confine your orders to our catalogue, and they will be filled with the best plants, and with just the varieties you send for.

**ALL PLANTS LABELED.**

Every plant we send out has a plainly written label attached to it. It matters not whether the plants are selected by the one purchasing, or are left to our selection.

**HOW MISTAKES MAY BE RECTIFIED.**

Persons finding errors in the filling of orders, or who for any reason wish to correspond with us in relation to an order already filled, will save us much trouble by stating the date upon which they received the order.

**WHAT WE GUARANTEE.**

That all seeds and plants sold by us shall prove to be as we represented, to this extent that, should they prove otherwise, we will replace them, or send other seeds or plants to the same value. But we cannot guarantee the crop any further than the above offer, as there are many causes which operate unfavorably in the germination of seeds and maturity of the crop over which we have no control.
